Programs for Homeschoolers or Virtual Schooling

Sharon,

For over 11 years, TEST SMART[®] has remained an industry leader in helping students achieve high academic goals, both online and in-person. As students head back to school this year, many have hybrid or fully-online programs and may need effective and proven academic support to ensure a successful year.

Our programs for homeschoolers or students in hybrid or fully-online classes deliver the results parents and students need. Sign up for our Academic Mentoring, Group Tutoring or Homework Help, to ensure your student excels this fall.

Academic Mentoring

Real Customer Testimonial:
"My two children have thrived academically with the help of their impressive Test Smart teachers. I recommend Test Smart enthusiastically."

Dedicated Academic Support Team

- Customized program that supports long-term academic goals
- Help students navigate online or homeschool coursework
- Assigned team of instructors with subject level expertise
- Available 8am-9pm customizable schedule

Group Subject Tutoring

Engaging Interactive Sessions with Expert

- Prep for tests, quizzes and assignments
- Fun, high-energy instruction with subject matter expert
- Up to 4 students per group
- Supportive and collaborative sessions
- Instruction provided by subject matter expert

Real Customer Testimonial:
"Great experience. I had the pleasure of working with a great tutor. He helped me better understand the core fundamentals of my class and guided me along the way as the semester progressed. If I were to need academic assistance again, I would definitely come back to Test Smart. They have a wide selection of qualified tutors for high school and college courses!"
